

## ENVIRONMENTAL POLICY

**QLogic is committed to conducting our business in an environmentally responsible manner that protects the environment and conserves energy and natural resources by:**

- **Incorporating environmental consideration into all stages of our product life cycle, including development, procurement, production, sale, use and disposal.**
- **Foster awareness in all employees through education to QLogic environmental management policies and practice.**
- **Compliance with environmental laws and regulations.**
- **Establish goals; implement programs to reduce harmful impacts on the environment.**
- **Review our environmental system regularly in order to continually improve.**
- **Establish our own environmental standards as applicable.**
